

Barrow Island Quarantine: Trading Vessels Quarantine Status Questionnaire

INSTRUCTIONS

Transporter must complete this questionnaire, and submit the questionnaire and supporting evidence to Company Quarantine, via the Lifting Coordinator. Questions should be answered sequentially until either access is provided for a specified period or access is denied.

Company Quarantine will review this completed questionnaire and the supporting evidence.

Once Company Quarantine is satisfied that the vessel meets BWI quarantine requirements, Company will issue the Barrow Island Quarantine: Trading Vessel Quarantine Mobilisation Certificate (TVQMC).

VESSEL DETAILS

Vessel Name:	Vessel IMO No:
Vessel Owner:	Date of Application:

Q1	Has the vessel Master received and understood the requirements of the Barrow Island Quarantine: Trading Vessels Procedure ABU-COP-01080 Rev 5.0 Revision dated 28 April 2017	<input type="checkbox"/> Yes – Go to Q2 <input type="checkbox"/> No – Access Denied
Q2	Is the vessel carrying low risk ballast water to discharge at BWI? Low risk ballast water = water that has been taken up from mid-ocean in at least 50 metres depth of water or fresh potable water	<input type="checkbox"/> Yes – Go to Q3 <input type="checkbox"/> No – Access Denied
